

## John Lee Hooker Legacy Spirits Boom Boom Bourbon

### ABOUT THE LIQUID

Our original Boogie Chillen' 1948 Bourbon was crafted to be smooth and approachable at 100 proof, but this release, named after John Lee Hooker's iconic "Boom Boom" track, is a whole different beast. At 109.8 proof, this is our cask strength offering, bottled straight from the barrel, just like my grandfather played his music honest and with nothing added to get in the way of the soul. It's the purest expression of the bourbon, delivering a powerful and uncompromised flavor that hits you with an immediate presence, just like the song.

### TASTING NOTES

**Nose:** Hints of baking spices and warm brown sugar, with a touch of roasted mixed nuts.

**Palate:** A harmonious blend of cinnamon, vanilla, caramel, and a hint of chocolate mint, with a robust and warm texture.

**Finish:** A long, dense, and prolonged finish that leaves a lasting impression on the palate, with a subtle leather note that lingers on the tongue.

## John Lee Hooker Legacy Spirits

### Boom Boom Bourbon

While most bourbons are diluted to a standard proof to make them more palatable, "Boom Boom" is for the enthusiast who wants to experience the true, unfiltered character of the liquid.

The higher alcohol content enhances the sensory experience with concentrated aromas and flavors. This exceptional bourbon is a tribute to the raw and refined artistry of the blues, a taste of history and passion in its most authentic form.

DISTILLED IN:  
Bardstown, Kentucky

Boom Boom Bourbon: The Purest Expression of a Legend
